Root River Trail Towns creates “Friends of the Trail”

Please join the Root River Trail Towns (RRTT) in promoting the Root River & Harmony-Preston State Bike Trails and the local communities that launched this non-profit organization. Root River Trail Towns’ 501(c)(3) non-profit status allows the organization to receive grants and tax-deductible gifts to continue promotion of this area to benefit all of its businesses, residents and visitors. Taste of the Trail continues to be the RRTT’s capstone event.

The Root River & Harmony-Preston State Bike Trail has a reputation of being a premier trail within the MN Department of Natural Resources’ trails inventory. Our 60-mile paved trail system passes through breathtaking scenery alive with wildlife, soaring bluffs, meandering streams, picturesque farmland, and the Root River. Bike or hike the trail and watch for the more than 300 bird species that live in or follow this migratory route. The nine towns along the trail each differ in their offerings to visitors and locals. Experience each community to enjoy the variety of foods, arts, celebrations, and outdoor activities.

To help RRTT expand our offerings and promotional activities we hope you will join us as “Friends of the Trail.” The following are suggested donation amounts:

- \$25 for individuals
- \$35 for families
- \$50 for businesses.

Friends of the Trail will receive a quarterly newsletter through Constant Contact and a link to our Facebook page to keep you informed of upcoming events. To learn more about RRTT visit our comprehensive website, www.rootrivertrail.org, that promotes events, businesses and the exceptional quality of life in Southeast Minnesota.

Please mail your donation to:
